Securing the world’s workplaces with exceptional tech

Integriti is your single source of truth

COMPLETE CONTROL AT YOUR FINGERTIPS

A secure, globally deployed IoT solution, Torus is the ‘key’ to protecting your assets, people and reputation.

Harnessing the latest technologies for security and peace of mind, Torus will elevate the efficiency, security and safety of your workplace.

Stop wasting money handing out keys, searching for lost keys or re-keying.

With fewer people needing physical contact with your keys and each other, your workplace will thrive in a post-COVID world.

15 KEYS  25 KEYS  50 KEYS  100 KEYS
Update key access directly from Integriti
Real-time data sync between the two systems
All events and alarms are exported from Torus
Same card/credentials used across all sites – doors and cabinets
Data mask imported automatically from Integriti
Stop cardholders from leaving site or zone until they return their keys

Torus cabinets and Integriti are easy to use - no training required.

Control and monitor your keys within Integriti. Make fast, informed decisions with insightful dashboards and reports. Anywhere, Anytime!

Perfect for organizations with multiple locations, nationally or internationally.

Torus cabinets securely connect to Integriti. No software installation and no local servers are required.

Resolves security risks faster and keep the right people informed.

With over-the-air updates, the Torus solution keeps evolving making it a smart long term investment.
