

SOFTWARE HOUSE
From Tyco Security Products

Integrated key management & access control

Torus + C-Cure 9000 makes it easy for staff and contractors to access the keys they need. This integrated solution means only authorized personnel have access to keys - you can control access to each key and know exactly who has them.

Security
Keys are secured when not in use and can only be accessed by authorized users

Efficiency
Reduce time and frustration associated with manually checking keys in and out

Accuracy
Maintain consistent details across systems without additional data entry

Unified Reporting
Enjoy comprehensive reporting and a single source of truth

Advantages

Deploy seamlessly across all your sites allowing for comprehensive management of cardholders, buildings and keys. Update permissions in real time and view all reporting on user activity and alarms from within C-Cure 9000.

Requirements

- Torus cabinet
- Torus software account + integrations
- Compatibility with v2.60+
- Victor Web Service
