

Cloud native key management & access control

Torus + Feenics makes it easy for staff and contractors to access the keys they need, when they need them. This integrated solution means only authorized personnel have access to keys and you can control access to each key and know exactly who has them, from anywhere, at anytime.

Security

Keys are secured when not in use and can only be accessed by authorized users

Efficiency

Reduce time and frustration associated with manually checking keys in and out

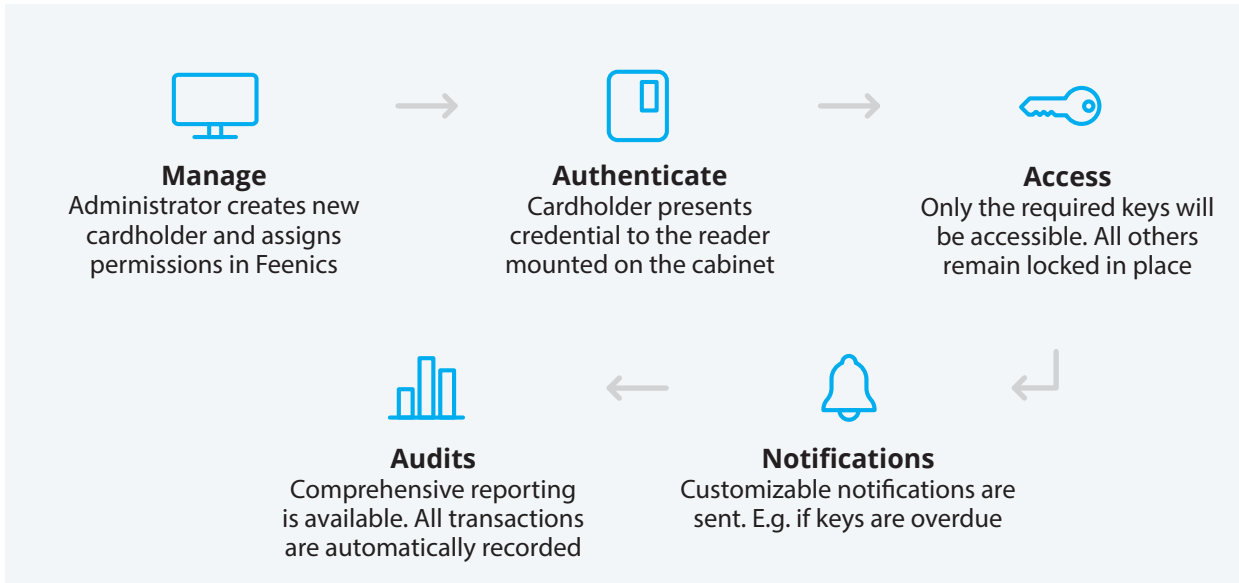

Accuracy

Maintain consistent details across systems without additional data entry

Unified Reporting

Enjoy comprehensive reporting and a single source of truth

Advantages

Deploy seamlessly across all your sites allowing for comprehensive management of cardholders, buildings and keys. Update permissions in real time and view all reporting from within Feenics.

Requirements

- Torus cabinet
- Torus software account + integrations
- Feenics account and API licence
